SWORN JULY 14, 2006

I, DENIS CORRIVEAU, of the City of Gatineau, in the Province of Quebec, swear that:

- 1. I am a Senior Competition Law Officer with the Competition Bureau.
- 2. I have made best efforts to cause a diligent search of the potentially relevant records that are in the possession, power or control of the Applicant.
- 3. On April 28, 2006 I swore an Affidavit of Documents in this matter consisting of Schedules I, II and III ("Affidavit").
- 4. This Supplementary Affidavit discloses, to the full extent of my knowledge, information and belief, all of the documents relevant to the matters in issue in this proceeding that are in the possession, power or control of the Applicant, or that were, but are no longer in the possession, power or control of the Applicant.

7. I have listed and described in Schedule III to my Supplementary Affidavit the relevant documents which have come into the Applicant's possession via other proceedings for which there may be impediments to production and use in this matter.

8. In preparation for swearing a Supplementary Affidavit of Documents ("Supplementary Affidavit"):
 - a) I reviewed documents in the Affidavit to ensure that they were relevant to this proceeding;

 - b) I caused to be identified and removed, documents that were duplicated in within the Affidavit;

[14] Level B Protected Documents may only be disclosed to the Commissioner, Counsel for the Commissioner, the Commissioner's staff directly involved in the application, outside counsel to the Parties and Intervenors, outside counsel's staff who are directly involved in the application, Independent Experts and the Designated Representatives of the Parties and Intervenors.

[15] A Party or Intervenor may, at any time and with prior reasonable notice to other Parties and Intervenors, redesignate any of its own Level A Protected Documents as Level B Protected Documents vis-à-vis a particular Party or Intervenor.

[16] This Order shall not apply to any copies of any Protected Documents which came into the possession of a Party or Intervenor (or their outside counsel) independent of and prior to the discovery process or this Application.

[17] Nothing in this Order diminishes, waives or otherwise affects any contractual, statutory or common law confidentiality obligations that a Party or Intervenor may have in respect of copies of the Protected Documents.

[18] Level A Protected Documents shall be clearly marked "CONFIDENTIAL - Level A" on the face of the document and on each page which is claimed as confidential. Level B Protected Documents shall be clearly marked "CONFIDENTIAL - Level B" on the face of the document and on each page which is claimed as confidential. The Party or Intervenor that produces a Protected Document shall identify itself on each page of each such Protected Document.

[19] Notwithstanding any provision of this Order, the Commissioner is permitted to disclose the Commissioner's Confidential Documents to any person for the purpose of preparing for the hearing of this Application, subject to the limits prescribed in section 29 of the *Competition Act*.

[20] Independent Experts and Designated Representatives shall not copy or disclose Protected Documents directly or indirectly to any other person, except for persons permitted to receive such Protected Documents in accordance with this Order or any other Order of the Tribunal.

[21] Prior to gaining access to Protected Documents, Independent Experts and Designated Representatives shall execute a confidentiality agreement in the form attached as Schedule A ("Confidentiality Agreement"). A Confidentiality Agreement signed pursuant to this Order shall be filed promptly with the Registrar of the Tribunal who shall retain all such agreements in confidence until completion or final disposition of this application and any related appeals, at which time the Confidentiality Agreements may be disclosed to the Parties and Intervenors upon request.

[22] If a Party or Intervenor is required by law to disclose a Protected Document provided by another Party or Intervenor, or if a Party or Intervenor receives written notice from a person who has signed a Confidentiality Agreement pursuant to this Order that they are required by law to disclose a Protected Document provided by another Party or Intervenor, that Party or Intervenor shall give prompt written notice to the other Parties and Intervenors so that the Parties and Intervenors may seek a protective order or other appropriate remedy.

[23] For greater certainty, all persons, including the Commissioner and his staff, who obtain access to documents, including Protected Documents, through the discovery process in this application are subject to an implied undertaking to use all of the Protected Documents and information contained therein solely for the purposes of this application and any related appeals.

[24] Documents over which no privilege or confidentiality claim has been asserted shall form part of the public record in this proceeding if introduced into evidence at the hearing of this application or otherwise placed on the record. Public documents which form part of the public record in this proceeding shall be marked "Public" on the face of the document.

[25] The confidentiality of Protected Documents shall be maintained up to and throughout the hearing of the application and thereafter. Protected Documents shall not form part of the public record in the application if introduced into evidence at the hearing of this application, unless the Parties and Intervenors agree otherwise or the Tribunal orders otherwise after hearing the submissions of the Parties and Intervenors.

[26] The Commissioner shall not file on the public record any documents which are based on or incorporate the Respondents' Confidential Documents or the Intervenors' Confidential Documents or other confidential information provided to the Commissioner by the Respondents or Intervenors without first providing reasonable written notice to the Respondents and Intervenors, including a description of the confidential information to be disclosed, so as to provide the Respondents and Intervenors with a reasonable opportunity to seek a protective order or other appropriate remedy from the Tribunal.

[27] No Respondent shall file on the public record any documents which are based on or incorporate the Commissioner's Confidential Documents, other confidential information provided to the Respondents or Intervenors by the Commissioner, the Confidential Documents of another Respondent or an Intervenor, or other confidential information provided to the Respondent by another Respondent or an Intervenor without first providing reasonable written notice to the Commissioner or the affected Respondent or Intervenor, as the case may be, including a description of the confidential information to be disclosed, so as to provide the Commissioner or the affected Respondent or Intervenor with a reasonable opportunity to seek a protective order or other appropriate remedy from the Tribunal.

[28] No Intervenor shall file on the public record any documents which are based on or incorporate the Commissioner's Confidential Documents, other confidential information provided to the Respondents or Intervenors by the Commissioner, the Confidential Documents of a Respondent or another Intervenor, or other confidential information provided to the Intervenor by a Respondent or another Intervenor without first providing reasonable written notice to the Commissioner or the affected Respondent or Intervenor, as the case may be, including a description of the confidential information to be disclosed, so as to provide the Commissioner or the affected Respondent or Intervenor with a reasonable opportunity to seek a protective order or other appropriate remedy from the Tribunal.

[29] Subject to paragraph 30 below, all documents produced by a Party or Intervenor during the course of discovery shall be deemed authentic with respect to such aspects of authorship, execution, copies, sending, service or delivery as they appear on the face of the document.

[30] At the hearing of the application, a Party or Intervenor may challenge the authenticity of a document in respect of any of the aspects referred to in paragraph 29 above, as long as notice of such challenge is provided to the other Parties and Intervenors no later than 10 days prior to the commencement of the hearing of the application. The Party or Intervenor so challenging shall have the burden of proof.

[31] This Order does not determine the admissibility of any documents as evidence at the hearing of the application.

[32] The Respondents and Intervenors on their own behalf hereby waive any rights they may have to receive documents or other information provided directly or indirectly to Counsel by another Party or Intervenor that are designated as Level A Protected Documents and hereby instruct their Counsel not to disclose to them such information or documents.

[33] The termination of proceedings in this application shall not relieve any person to whom Protected Documents were disclosed pursuant to this Order from the obligation of maintaining the confidentiality of such information in accordance with the provisions of this Order, any further Order of the Tribunal or any Confidentiality Agreement.

[34] This Order shall be subject to further direction or Order of the Tribunal, including in relation to the use of Protected Documents at the hearing of the application.

DATED at Ottawa, this 8th day of August, 2006.

SIGNED on behalf of the Tribunal by the Chairperson.

Dear Ms. Pratt:

Re: *The Commissioner of Competition v. Saskatchewan Wheat Pool et al.*
CT-2005-09

As you are aware, we are the solicitors for James Richardson International Limited ("JRI"). We are writing in response to your recent correspondence regarding the production of documents listed in Schedule "D" of the Canadian Wheat Board's ("CWB") Affidavit of Documents and the dates for the examination of a representative of the CWB.

As stated in your letter of September 19, 2006, the CWB is refusing to produce non-privileged documents that are relevant to the matters in issue in this proceeding and listed in Schedule "D" of the CWB's Affidavit of Documents. The CWB's refusal to produce these documents contravenes subsection 16(1) of the *Competition Tribunal Rules*, which expressly entitles JRI to inspect and make copies of all non-privileged documents listed in the CWB's Affidavit of Documents. As you know, the Tribunal has issued an Amended Interim Confidentiality Order to protect the confidentiality of documents disclosed by the parties and intervenors as part of the discovery process. Please be advised that JRI will be bringing a motion at a Pre-Hearing Conference to be scheduled with the Competition Tribunal to require the CWB to produce the documents listed in Schedule "D" of the CWB's Affidavit of Documents. Further, JRI will be seeking its costs of this motion.

In respect of your letter dated September 21, 2006 and email message of September 22, 2006 regarding the examination for discovery of a representative of the CWB, we do not agree that two days is an adequate period of time for the completion of the examination by all of the Respondents. In any event, it is not appropriate for the CWB to attempt to limit the Respondents' right to conduct an examination in this manner. The Order of the Tribunal dated February 6, 2006 expressly provides the respondents with a right to examine for discovery a representative of the CWB on the topic identified in that Order. We have

requested that the CWB representative be available for a total of five days. Although the entire five days may not be required for the completion of the examination, our preference is to set aside these dates to ensure that scheduling issues do not arise in the future.

Please do not hesitate to contact me should you have any questions.

Yours very truly,

Re: *The Commissioner of Competition v. Saskatchewan Wheat Pool et al.*

As you are aware, we are the solicitors for James Richardson International Limited ("JRI").

We are writing in respect of certain documents listed in the Affidavit of Documents of the Commissioner of Competition (the "Commissioner"). As you are aware, the Commissioner is refusing to produce non-privileged documents that are relevant to the matters in issue in this proceeding and listed in Schedule 3 of the Commissioner's Affidavit of Documents. The Commissioner's refusal to produce these documents contravenes subsection 16(1) of the *Competition Tribunal Rules*, which expressly entitles JRI to inspect and make copies of all non-privileged documents listed in the Commissioner's Affidavit of Documents. As you know, the Tribunal has issued an Amended Interim Confidentiality Order to protect the confidentiality of documents disclosed by the parties and intervenors as part of the discovery process.

Please be advised that JRI will be bringing a motion at a Pre-Hearing Conference to be scheduled with the Competition Tribunal to require the Commissioner to produce the documents listed in Schedule 3 of the Commissioner's Affidavit of Documents. Dear Counsel:

**Re: Saskatchewan Wheat Pool / James Richardson Int'l.
Court File Number: 2005-009**

I am responding to Mr. Fanaki's letter to me of October 3, 2006 and Mr. Bergbusch's correspondence of the following day.

Insofar as the documents listed in Schedule 3 of the Commissioner's affidavit are concerned, you are both aware that we are eager to disclose those documents and have discussed a motion for the purpose of doing just that. As you are also both aware, disclosure of those documents depends upon factors that are out of the Commissioner's control. To the extent that you are gauging the Commissioner's support for an order disclosing those documents, I can advise you that we would be in support of such an order and look forward to hearing from you with respect to a potential date for hearing on that matter.

Yours truly,

Andrew J. F. Lenz

Dear Sirs:

**Subject: Commissioner of Competition v. Saskatchewan Wheat Pool, et al,
CT-2005-09**

We acknowledge receipt of your letters dated October 3 and 4, 2006.

As Ms. Pratt has informed you, our client's confidentiality obligations to a third party preclude it from voluntarily producing the documents referenced in Schedule "D" of its Affidavit of Documents. If it is your intention to bring a motion to compel production, please canvass the dates with us in advance, as we will want to ensure that the third party's counsel is available for the motion.

With respect to the examination for discovery of our client, the CWB is an intervenor, not a party. As such, it is extraordinary that it is subject to any discovery. It continues to be our view that two full days is more than adequate for a proper, non-repetitive examination of our client by experienced counsel such as yourselves. As you know, additional dates in January have been set

aside in the event that you prove us wrong in that view. We will not, however, permit those dates to be used to conduct a fishing expedition into our client's affairs.

Yours truly,
