### SOUS-SECTION D

## Évitement

#### Définitions

**68 (1)** Les définitions qui suivent s'appliquent au présent article.

***attribut fiscal*** S'agissant des attributs fiscaux d'une personne, taxe, taxe nette, remboursement ou autre montant payable par, ou payable à, cette personne en application de la présente loi, ainsi que tout autre montant à prendre en compte dans le calcul de la taxe, de la taxe nette, du remboursement ou de l'autre montant payable par cette personne ou du montant qui lui est remboursable. (*tax-related consequences*)

***avantage fiscal*** Réduction, évitement ou report de taxe ou d'un autre montant payable par une personne en application de la présente loi ou augmentation d'un remboursement ou d'un autre montant payable à une personne en application de la présente loi. (*tax benefit*)

***opération*** Y sont assimilés les conventions, les mécanismes et les événements. (*transaction*)

**General anti-avoidance provision**

**(2)** If a transaction is an avoidance transaction, the tax-related consequences to a person must be determined as is reasonable in the circumstances in order to deny a tax benefit that, in the absence of this section, would result directly or indirectly from that transaction or from a series of transactions that includes that transaction.

**Avoidance transaction**

**(3)** An avoidance transaction means any transaction

**(a)** that, in the absence of this section, would result directly or indirectly in a tax benefit, unless the transaction may reasonably be considered to have been undertaken or arranged primarily for *bona fide* purposes other than to obtain the tax benefit; or

**(b)** that is part of a series of transactions, which series, in the absence of this section, would result directly or indirectly in a benefit, unless the transaction may reasonably be considered to have been undertaken or arranged primarily for *bona fide* purposes other than to obtain the tax benefit.

**Provision not applicable**

**(4)** For greater certainty, subsection (2) does not apply in respect of a transaction if it may reasonably be considered that the transaction would not result directly or indirectly in a misuse of the provisions of this Act or in an abuse having regard to the provisions of this Act (other than this section) read as a whole.

**Determination of tax-related consequences**

**(5)** Without restricting the generality of subsection (2), in determining the tax-related consequences to a person, as is reasonable in the circumstances, in order to deny a tax benefit that would, in the absence of this section, result directly or indirectly from an avoidance transaction

**(b)** any rebate or deduction referred to in paragraph (a) may, in whole or in part, be allocated to any person;

**(d)** the effects that would otherwise result from the application of other provisions of this Act may be ignored.

**Disposition générale anti-évitement**

**(2)** En cas d'opération d'évitement, les attributs fiscaux d'une personne doivent être déterminés de façon raisonnable dans les circonstances de sorte à supprimer un avantage fiscal qui, en l'absence du présent article, découlerait, directement ou indirectement, de cette opération ou d'une série d'opérations dont celle-ci fait partie.

**Opération d'évitement**

**(3)** L'opération d'évitement s'entend :

**a)** soit de l'opération dont, en l'absence du présent article, découlerait directement ou indirectement un avantage fiscal, sauf s'il est raisonnable de considérer que l'opération est principalement effectuée pour des objets véritables — l'obtention d'un avantage fiscal n'étant pas considérée comme un objet véritable;

**b)** soit de l'opération qui fait partie d'une série d'opérations dont, en l'absence du présent article, découlerait directement ou indirectement un avantage fiscal, sauf s'il est raisonnable de considérer que l'opération est principalement effectuée pour des objets véritables — l'obtention d'un avantage fiscal n'étant pas considérée comme un objet véritable.

**Champ d'application précisé**

**(4)** Il est entendu que l'opération dont il est raisonnable de considérer qu'elle n'entraîne pas directement ou indirectement d'abus dans l'application des dispositions de la présente loi lue dans son ensemble — abstraction faite du présent article — n'est pas visée par le paragraphe (2).

**Attributs fiscaux**

**(5)** Sans préjudice de la portée générale du paragraphe (2), en vue de déterminer les attributs fiscaux d'une personne de façon raisonnable dans les circonstances de sorte à supprimer l'avantage fiscal qui, en l'absence du présent article, découlerait directement ou indirectement d'une opération d'évitement :

**a)** tout remboursement et toute déduction dans le calcul de la taxe nette payable peut être en totalité ou en partie admis ou refusé;

**b)** tout ou partie du remboursement ou de la déduction visés à l'alinéa a) peut être attribué à une personne;

**c)** la nature d'un paiement ou d'un autre montant peut être qualifiée autrement;

**Exception**

**(6)** Despite any other provision of this Act, the tax-related consequences to any person following the application of this section must only be determined through an assessment, reassessment or additional assessment involving the application of this section.

**(c)** it may not reasonably be considered that the transaction, or the series of transactions, has been undertaken or arranged primarily for *bona fide* purposes

**d)** les effets qui découleraient par ailleurs de l'application des autres dispositions de la présente loi peuvent ne pas être pris en compte.

**Exception**

**(6)** Malgré les autres dispositions de la présente loi, les attributs fiscaux d'une personne, par suite de l'application du présent article, ne peuvent être déterminés qu'au moyen de l'établissement d'une cotisation, d'une nouvelle cotisation ou d'une cotisation supplémentaire, en tenant compte du présent article.

**b)** en l'absence du présent article, l'opération, l'une des opérations de la série ou la série proprement dite se traduirait, directement ou indirectement, par un avantage fiscal pour une ou plusieurs des personnes en cause,

**c)** il n'est pas raisonnable de considérer que l'opération ou la série d'opérations a été effectuée principalement pour des objets véritables — le fait pour une ou

other than to obtain a tax benefit, arising from a parameter change, for one or more of the persons involved in the transaction or series of transactions,

the amount of tax, net tax, rebate or other amount payable by, or payable to, any of those persons under this Act, or any other amount that is relevant for the purposes of computing that amount must be determined as is reasonable in the circumstances in order to deny the tax benefit to any of those persons.

**Suppression de l'avantage fiscal**

**(3)** Malgré les autres dispositions de la présente loi, un avantage fiscal ne peut être supprimé en vertu du paragraphe (2) qu'au moyen de l'établissement d'une cotisation, d'une nouvelle cotisation ou d'une cotisation supplémentaire.

**Intérêts sur montants annulés**

**(8)** Malgré le paragraphe (6), si une personne a payé un montant — intérêts ou pénalité — que le ministre a annulé, ou auquel le ministre a renoncé, en vertu des articles 85 ou 120, le ministre rembourse le montant à la personne, ainsi que les intérêts afférents calculés au taux réglementaire pour la période commençant le trentième jour suivant le jour où il a reçu, d'une manière qu'il juge acceptable, une demande en vue de l'application de cet article et se terminant le jour où le remboursement est payé.

**Période de cotisation — demande de remboursement**

**(2)** Sous réserve des paragraphes (3) à (7) et (10), une cotisation concernant le montant d'un remboursement peut être établie en vertu du paragraphe 93(1) à tout moment; cependant, une nouvelle cotisation ou une cotisation supplémentaire établie en vertu de l'article 93 ou une cotisation établie en vertu du paragraphe 93(3) concernant un montant payé ou déduit au titre d'un remboursement ou un montant payé ou déduit au titre des intérêts applicables à un montant payé ou déduit à titre d'un remboursement ne peut être établie après l'expiration d'un délai de quatre ans suivant la production de la demande de remboursement conformément à la présente loi.

**Exception — objection or appeal**

**(3)** A variation of an assessment, or a reassessment, in respect of an amount of tax or other amount payable under this Act by a person may be made at any time if the variation or reassessment is made

**(a)** to give effect to a decision on an objection or appeal;

**Exception — opposition ou appel**

**(3)** Une cotisation concernant la taxe ou toute autre somme payable par une personne en application de la présente loi peut être modifiée, ou une nouvelle cotisation concernant une telle taxe ou somme peut être établie, à un moment donné :

**(5)** If, in making an assessment, the Minister determines that a person has paid in respect of any matter an amount as or on account of tax, or net tax, payable for a particular reporting period of the person that was in fact payable for another reporting period of the person, the Minister may at any time make an assessment for that other period in respect of that matter.

**Exception — erreur sur la période de déclaration**

**(5)** Si le ministre constate, lors de l'établissement d'une cotisation, qu'une personne a payé, au titre de la taxe à payer ou de la taxe nette à payer pour une période de déclaration, un montant qui était à payer pour une autre période de déclaration, il peut établir une cotisation pour l'autre période.

**Exception — adjustment to rebate**

**(6)** If the result of a reassessment on an objection to, or a decision on an appeal from, an assessment is to reduce the amount of tax, or net tax, payable by a person and, by reason of the reduction, any rebate claimed by the person for a reporting period, or in an application for a rebate, should be reduced, the Minister may at any time assess or reassess that reporting period or that application for rebate, as the case may be, only for the purpose of taking the reduction of tax into account in respect of the rebate.

**Exception — ajustement à un remboursement**

**(6)** Dans le cas où une nouvelle cotisation établie par suite d'une opposition à une cotisation ou d'une décision d'appel concernant une cotisation réduit la taxe ou la taxe nette payable par une personne et, de façon incidente, réduit un remboursement demandé par la personne pour une période de déclaration ou dans une demande de remboursement, le ministre peut, en tout temps, établir une cotisation ou une nouvelle cotisation pour cette période ou cette demande, mais seulement pour tenir compte de l'incidence de la réduction de la taxe sur le remboursement.

**Alternative basis or argument**

**(7)** The Minister may advance an alternative basis or argument in support of an assessment of a person, or in support of all or any portion of the total amount determined on assessment to be payable by a person under this Act, at any time after the period otherwise limited by subsection (1) or (2) for making the assessment unless, on an appeal under this Act,

**Nouveau fondement ou nouvel argument**

**(7)** Le ministre peut avancer un nouveau fondement ou un nouvel argument à l'appui d'une cotisation établie à l'égard d'une personne, ou à l'appui de tout ou partie du montant total déterminé lors de l'établissement d'une cotisation comme étant payable par une personne en application de la présente loi, après l'expiration des délais prévus aux paragraphes (1) ou (2) pour l'établissement de la cotisation, sauf si, sur appel interjeté en application de la présente loi :

**a)** d'une part, il existe des éléments de preuve que la personne n'est plus en mesure de produire sans l'autorisation du tribunal;

**Limitation**

**(8)** If a reassessment of a person is made that gives effect to an alternative basis or argument advanced by the Minister under subsection (7) in support of a particular assessment of the person, the Minister is not to reassess for an amount that is greater than the total amount of the particular assessment.

**Exception**

**(9)** Subsection (8) does not apply to any portion of an amount determined on reassessment that the Minister would be entitled to reassess under this Act at any time after the period otherwise limited by subsection (1) or (2) for making the reassessment if this Act were read without reference to subsection (7).

**Exception — waiver**

**(10)** An assessment in respect of any matter specified in a waiver filed under subsection (11) may be made at any time within the period specified in the waiver unless the waiver has been revoked under subsection (12), in which case an assessment may be made at any time during the 180 days that the waiver remains in effect.

**Exception**

**(9)** Le paragraphe (8) ne s'applique à aucune partie d'un montant déterminé lors de l'établissement d'une nouvelle cotisation à l'égard duquel le ministre pourrait établir une nouvelle cotisation en application de la présente loi après l'expiration des délais prévus aux paragraphes (1) ou (2) pour l'établissement de la nouvelle cotisation s'il n'était pas tenu compte du paragraphe (7).

**Exception — renonciation**

**(10)** Une cotisation portant sur une question précisée dans une renonciation présentée en vertu du paragraphe (11) peut être établie dans le délai indiqué dans la renonciation ou, en cas de révocation de la renonciation en vertu du paragraphe (12), dans les cent-quatre-vingts jours pendant lesquels la renonciation demeure en vigueur.

**Présentation de la renonciation**

**(11)** Toute personne peut, dans le délai prévu par ailleurs aux paragraphes (1) ou (2) pour l'établissement d'une cotisation à son égard, renoncer à l'application de ces paragraphes en présentant au ministre une renonciation en la forme déterminée par celui-ci qui précise l'objet de la renonciation ainsi que sa période d'application.

**Intérêts à la suite de jugements**

**(13)** Dans le cas où un jugement est obtenu pour une somme à payer en application de la présente loi, y compris un certificat enregistré en vertu de l'article 141, les dispositions de la présente loi en application desquelles des intérêts sont payables pour défaut de paiement de la somme s'appliquent, compte tenu des adaptations de circonstance, au défaut de paiement de la créance constatée par jugement, et les intérêts sont recouvrables de la même manière que cette créance.

**Frais de justice**

**(14)** Dans le cas où une somme doit être payée par une personne à Sa Majesté du chef du Canada en exécution d'une ordonnance, d'un jugement ou d'une décision d'un tribunal concernant l'attribution des frais de justice relatifs à une question régie par la présente loi, les articles 138 et 141 à 147 s'appliquent à la somme comme si elle était payable en application de la présente loi.

**Mesures postérieures à un appel devant la Cour canadienne de l'impôt**

**(3)** Lorsqu'une personne interjette appel auprès de la Cour canadienne de l'impôt d'une cotisation pour une somme payable en application de la présente loi, le ministre, pour recouvrer la somme en litige, ne peut prendre aucune des mesures mentionnées au paragraphe (1) avant le premier en date de la date d'envoi à la personne d'une copie de la décision de la cour et de la date où la personne se désiste de l'appel.

**(5)** Despite any other provision in this section, if a person has served a notice of objection under this Act to an assessment or has appealed to the Tax Court of Canada from an assessment and agrees in writing with the Minister to delay proceedings on the objection or appeal, as the case may be, until judgment has been given in another action before the Tax Court of Canada, the Federal Court of Appeal or the Supreme Court of Canada in which the issue is the same or substantially the same as that raised in the objection or appeal of the person, the Minister may take any of the actions described in subsection (1) for the purpose of collecting the amount assessed, or a part of it, determined in a manner consistent with the judgment of the Court in the other action at any time after the Minister notifies the person in writing that the judgment has been given by the Court in the other action.

**Collection of large amounts**

**(6)** Despite subsections (1) to (5), if, at any time, the total of all amounts that a person has been assessed under this Act and that remain unpaid exceeds $1,000,000, the Minister may collect up to 50% of the total.

**Recouvrement de sommes importantes**

**(6)** Malgré les paragraphes (1) à (5), le ministre peut recouvrer jusqu'à 50 % du total des sommes visées par les cotisations établies à l'égard d'une personne en application de la présente loi si la partie impayée du total de ces sommes dépasse 1 000 000 $.

**Montant supérieur à 10 000 000 $ — caution**

**140 (1)** Le ministre peut, par avis envoyé à une personne, exiger que soit fournie sous une forme qu'il juge acceptable une caution d'un montant qui ne peut dépasser le montant qui correspond au plus élevé de zéro dollar et du montant obtenu par la formule suivante :

**[(A/2) – B] – 10 000 000 $**

où :

**A** représente le total des montants dont chacun est une somme visée par une cotisation établie à l'égard de la personne en application de la présente loi et dont une partie demeure impayée;

**b)** sous une forme qu'il juge acceptable.

### Failure to comply

**(3)** Despite subsections 139(1) to (5), the Minister may collect an amount equivalent to the amount of security that was required under subsection (1) if the security required under that subsection is not given to the Minister as set out in this section.

### Défaut de se conformer

**(3)** Malgré les paragraphes 139(1) à (5), le ministre peut recouvrer une somme équivalant au montant de la caution exigée en vertu du paragraphe (1) si cette dernière ne lui est pas fournie conformément au présent article.

### Registration in court

**(2)** On production to the Federal Court, a certificate made under subsection (1) in respect of a debtor must be registered in the Court and when so registered has the same effect, and all proceedings may be taken on the certificate, as if it were a judgment obtained in the Court against the debtor for a debt in the amount certified plus interest on the amount as provided under this Act to the day of payment and, for the purposes of those proceedings, the certificate is deemed to be a judgment of the Court against the debtor for a debt due to Her Majesty in right of Canada and enforceable as such.

### Enregistrement à la Cour fédérale

**(2)** Sur production à la Cour fédérale, le certificat fait en vertu du paragraphe (1) à l'égard d'un débiteur est enregistré à cette cour. Il a alors le même effet que s'il s'agissait d'un jugement rendu par cette cour contre le débiteur pour une dette de la somme attestée dans le certificat, augmentée des intérêts courus comme le prévoit la présente loi jusqu'au jour du paiement, et toutes les procédures peuvent être engagées à la faveur du certificat comme s'il s'agissait d'un tel jugement. Pour ce qui est de ces procédures, le certificat est réputé être un jugement exécutoire rendu par cette cour contre le débiteur pour une créance de Sa Majesté du chef du Canada.

### Costs

**(3)** All reasonable costs and charges incurred or paid for the registration in the Federal Court of a certificate made under subsection (1) or in respect of any proceedings taken to collect the amount certified are recoverable in like manner as if they had been included in the amount certified in the certificate when it was registered.

### Frais et dépens

**(3)** Les frais et dépens raisonnables engagés ou payés pour l'enregistrement à la Cour fédérale d'un certificat fait en vertu du paragraphe (1) ou pour l'exécution des procédures de recouvrement de la somme qui y est attestée sont recouvrables de la même manière que s'ils avaient été inclus dans cette somme au moment de l'enregistrement du certificat.

### Charge on property

**(a)** a judgment of the superior court of the province against a person for a debt owing by the person, or

**(b)** an amount payable or required to be remitted by a person in the province in respect of a debt owing to Her Majesty in right of the province

**Creation of charge**

**(5)** If a memorial has been filed, registered or otherwise recorded under subsection (4),

**(a)** a charge, lien or priority is created on, or a binding interest is created in, property in the province, or any interest in, or for civil law any right in, such property, held by the debtor, or

**(b)** such property, or interest or right in the property, is otherwise bound,

in the same manner and to the same extent as if the memorial were a document evidencing a judgment referred to in paragraph (4)(a) or an amount referred to in paragraph (4)(b), and the charge, lien, priority or binding interest created is subordinate to any charge, lien, priority or binding interest in respect of which all steps necessary to make it effective against other creditors were taken before the time the memorial was filed, registered or otherwise recorded.

**Proceedings in respect of memorial**

**(6)** If a memorial is filed, registered or otherwise recorded in a province under subsection (4), proceedings may be taken in the province in respect of the memorial, including proceedings

**(a)** to enforce payment of the amount evidenced by the memorial, interest on the amount and all costs and charges paid or incurred in respect of

**(i)** the filing, registration or other recording of the memorial, and

**(ii)** proceedings taken to collect the amount,

**(b)** to renew or otherwise prolong the effectiveness of the filing, registration or other recording of the memorial,

**(c)** to cancel or withdraw the memorial wholly or in respect of any of the property, or interests or rights, affected by the memorial, or

**Charge sur un bien**

**(5)** Une fois l'extrait produit, enregistré ou autrement inscrit en vertu du paragraphe (4), une sûreté, une priorité ou une autre charge grève un bien du débiteur situé dans la province, ou un intérêt ou, pour l'application du droit civil, un droit sur un tel bien, de la même manière et dans la même mesure que si l'extrait était un document faisant preuve du contenu d'un jugement visé à l'alinéa (4)a) ou d'une somme visée à l'alinéa (4)b). Cette sûreté, priorité ou charge prend rang après toute autre sûreté, priorité ou charge à l'égard de laquelle les mesures requises pour la rendre opposable aux autres créanciers ont été prises avant la production, l'enregistrement ou autre inscription de l'extrait.

**Procédures engagées à la faveur d'un extrait**

**(6)** L'extrait produit, enregistré ou autrement inscrit dans une province en vertu du paragraphe (4) peut, de la même manière et dans la même mesure que s'il s'agissait d'un document faisant preuve du contenu d'un jugement visé à l'alinéa (4)a) ou d'une somme visée à l'alinéa (4)b), faire l'objet dans la province de procédures visant notamment :

**a)** à exiger le paiement de la somme attestée par l'extrait, des intérêts y afférents et des frais et dépens payés ou engagés en vue de la production, de l'enregistrement ou autre inscription de l'extrait ou en vue de l'exécution des procédures de recouvrement de la somme;

**b)** à renouveler ou autrement prolonger l'effet de la production, de l'enregistrement ou autre inscription de l'extrait;

**c)** à annuler ou à retirer l'extrait dans son ensemble ou uniquement en ce qui concerne un ou plusieurs

**(d)** to postpone the effectiveness of the filing, registration or other recording of the memorial in favour of any right, charge, lien or priority that has been or is intended to be filed, registered or otherwise recorded in respect of any property, or interest or rights, affected by the memorial,

in the same manner and to the same extent as if the memorial were a document evidencing a judgment referred to in paragraph (4)(a) or an amount referred to in paragraph (4)(b), except that, if in any such proceeding or as a condition precedent to any such proceeding, any order, consent or ruling is required under the law of the province to be made or given by the superior court of the province or by a judge or official of the court, a like order, consent or ruling may be made or given by the Federal Court or by a judge or official of the Federal Court and, when so made or given, has the same effect for the purposes of the proceeding as if it were made or given by the superior court of the province or by a judge or official of the court.

**Presentation of documents**

**(7)** If

**(a)** a memorial is presented for filing, registration or other recording under subsection (4), or a document relating to the memorial is presented for filing, registration or other recording for the purpose of any proceeding described in subsection (6), to any official in the land registry system, personal property or movable property registry system, or other registry system, of a province, or

**(b)** access is sought to any person, place or thing in a province to make the filing, registration or other recording,

the memorial or document must be accepted for filing, registration or other recording or the access must be granted, as the case may be, in the same manner and to the same extent as if the memorial or document relating to the memorial were a document evidencing a judgment referred to in paragraph (4)(a) or an amount referred to in paragraph (4)(b) for the purpose of a like proceeding, except that, if the memorial or document is issued by the Federal Court or signed or certified by a judge or official of the Court, any affidavit, declaration or other evidence required under the law of the province to be provided with or to accompany the memorial or document in the proceedings is deemed to have been provided with or to have accompanied the memorial or document as so required.

biens ou intérêts ou droits sur lesquels l'extrait a une incidence;

**d)** à différer l'effet de la production, de l'enregistrement ou autre inscription de l'extrait en faveur d'un droit, d'une sûreté, d'une priorité ou d'une autre charge qui a été ou qui sera produit, enregistré ou autrement inscrit à l'égard d'un bien ou d'un intérêt ou d'un droit sur lequel l'extrait a une incidence.

Toutefois, dans le cas où la loi provinciale exige — soit dans le cadre de ces procédures, soit préalablement à leur exécution — l'obtention d'une ordonnance, d'une décision ou d'un consentement de la cour supérieure de la province ou d'un juge ou d'un fonctionnaire de celle-ci, la Cour fédérale ou un juge ou un fonctionnaire de celle-ci peut rendre une telle ordonnance ou décision ou donner un tel consentement. Cette ordonnance, cette décision ou ce consentement a alors le même effet dans le cadre des procédures que s'il était rendu ou donné par la cour supérieure de la province ou par un juge ou un fonctionnaire de celle-ci.

**Présentation des documents**

**(7)** L'extrait qui est présenté pour production, enregistrement ou autre inscription en vertu du paragraphe (4), ou un document concernant l'extrait qui est présenté pour production, enregistrement ou autre inscription dans le cadre des procédures mentionnées au paragraphe (6), à un agent d'un régime d'enregistrement foncier ou des droits sur des biens meubles ou personnels ou autres droits d'une province est accepté pour production, enregistrement ou autre inscription de la même manière et dans la même mesure que s'il s'agissait d'un document faisant preuve du contenu d'un jugement visé à l'alinéa (4)a) ou d'une somme visée à l'alinéa (4)b) dans le cadre de procédures semblables. Pour ce qui est de la production, de l'enregistrement ou autre inscription de cet extrait ou ce document, l'accès à une personne, à un endroit ou à une chose situé dans une province est donné de la même manière et dans la même mesure que si l'extrait ou le document était un document semblable ainsi délivré ou établi. Si l'extrait ou le document est délivré par la Cour fédérale ou porte la signature ou fait l'objet d'un certificat d'un juge ou d'un fonctionnaire de cette cour, tout affidavit, toute déclaration ou tout autre élément de preuve qui doit, selon la loi provinciale, être fourni avec l'extrait ou le document ou l'accompagner dans le cadre des procédures est réputé avoir été ainsi fourni ou accompagner ainsi l'extrait ou le document.

**Prohibition — sale, etc., without consent**

**(8)** Despite any law of Canada or of a province, a sheriff or other person must not, without the written consent of the Minister, sell or otherwise dispose of any property or publish any notice or otherwise advertise in respect of any sale or other disposition of any property pursuant to any process issued or charge, lien, priority or binding interest created in any proceeding to collect an amount certified in a certificate made under subsection (1), interest on the amount or costs. However, if that consent is subsequently given, any property that would have been affected by that process, charge, lien, priority or binding interest if the Minister's consent had been given at the time that process was issued or the charge, lien, priority or binding interest was created, as the case may be, is bound, seized, attached, charged or otherwise affected as it would be if that consent had been given at the time that process was issued or the charge, lien, priority or binding interest was created, as the case may be.

**Interdiction — vente sans consentement**

**(8)** Malgré les lois fédérales et provinciales, ni le shérif ni aucune autre personne ne peut, sans le consentement écrit du ministre, vendre un bien ou autrement en disposer ou publier un avis concernant la vente ou la disposition d'un bien ou autrement l'annoncer, par suite de l'émission d'un bref ou de la création d'une sûreté, d'une priorité ou d'une autre charge dans le cadre de procédures de recouvrement d'une somme attestée dans un certificat fait en vertu du paragraphe (1), des intérêts y afférents et des frais et dépens. Toutefois, si ce consentement est obtenu ultérieurement, tout bien sur lequel ce bref ou cette sûreté, priorité ou charge aurait une incidence si ce consentement avait été obtenu au moment de l'émission du bref ou de la création de la sûreté, priorité ou charge, selon le cas, est saisi ou autrement grevé comme si le consentement avait été obtenu à ce moment.

**Completion of notices, etc.**

**(9)** If information required to be set out by any sheriff or other person in a minute, notice or document required to be completed for any purpose cannot, because of subsection (8), be so set out without the written consent of the Minister, the sheriff or other person must complete the minute, notice or document to the extent possible without that information and, when that consent of the Minister is given, a further minute, notice or document setting out all the information must be completed for the same purpose, and the sheriff or other person, having complied with this subsection, is deemed to have complied with this Act, regulation or rule requiring the information to be set out in the minute, notice or document.

**Établissement des avis**

**(9)** Dans le cas où des renseignements qu'un shérif ou une autre personne doit indiquer dans un procès-verbal, un avis ou un document à établir à une fin quelconque ne peuvent, en raison du paragraphe (8), être ainsi indiqués sans le consentement écrit du ministre, le shérif ou l'autre personne doit établir le procès-verbal, l'avis ou le document en omettant les renseignements en question. Une fois le consentement du ministre obtenu, un autre procès-verbal, avis ou document indiquant tous les renseignements doit être établi à la même fin. S'il se conforme au présent paragraphe, le shérif ou l'autre personne est réputé se conformer à la loi, à la disposition réglementaire ou à la règle qui exige que les renseignements soient indiqués dans le procès-verbal, l'avis ou le document.

**Application for order**

**(10)** A sheriff or other person that is unable, because of subsection (8) or (9), to comply with any law or rule of court is bound by any order made by a judge of the Federal Court, on an *ex parte* application by the Minister, for the purpose of giving effect to the proceeding, charge, lien, priority or binding interest.

**Demande d'ordonnance**

**(10)** S'il ne peut se conformer à une loi ou à une règle de pratique en raison des paragraphes (8) ou (9), le shérif ou l'autre personne est lié par toute ordonnance rendue, sur requête *ex parte* du ministre, par un juge de la Cour fédérale visant à donner effet à des procédures ou à une sûreté, une priorité ou une autre charge.

**Secured claims**

**(11)** If a charge, lien, priority or binding interest created under subsection (5) by filing, registering or otherwise recording a memorial under subsection (4) is registered in accordance with subsection 87(1) of the *Bankruptcy and Insolvency Act*, it is deemed

**(a)** to be a claim that is secured by a security and that, subject to subsection 87(2) of that Act, ranks as a secured claim under that Act; and

dans la mesure où il sert à ramener l'obligation du cédant à une somme inférieure à celle dont le paragraphe (2) a rendu le cessionnaire solidairement responsable.

**Transfers to spouse or common-law partner**

**(6)** Despite subsection (2), if at any time an individual transfers property to the individual's spouse or common-law partner under a decree, order or judgment of a competent tribunal or under a written separation agreement and, at that time, the individual and the individual's spouse or common-law partner were separated and living apart as a result of the breakdown of their marriage or *common-law partnership* as defined in subsection 248(1) of the *Income Tax Act*, for the purposes of paragraph (2)(d), the fair market value at that time of the property so transferred is deemed to be nil, but nothing in this subsection limits the liability of the individual under this Act.

**Transferts à l'époux ou au conjoint de fait**

**(6)** Malgré le paragraphe (2), dans le cas où un particulier transfère un bien à son époux ou conjoint de fait — dont il vit séparé au moment du transfert pour cause d'échec du mariage ou de l'*union de fait* au sens du paragraphe 248(1) de la *Loi de l'impôt sur le revenu* — en vertu d'un décret, d'une ordonnance ou d'un jugement rendu par un tribunal compétent ou en vertu d'un accord écrit de séparation, la juste valeur marchande du bien au moment du transfert est réputée nulle pour l'application de l'alinéa (2)a). Toutefois, le présent paragraphe ne limite en rien l'obligation du cédant découlant de la présente loi.

**Anti-avoidance rules**

**(7)** For the purposes of this section, if a person transfers property to another person as part of a transaction or series of transactions, the following rules apply:

**(a)** the transferor is deemed to not be dealing at arm's length with the transferee at the time of the transfer of the property if

**(b)** an amount that the transferor is liable to pay under this Act (including, for greater certainty, an amount that the transferor is liable to pay under this section, regardless of whether the Minister has made an assessment under subsection (4) in respect of that amount) is deemed to have become payable in the reporting period of the transferor in which the property was transferred, if it is reasonable to conclude that one of the purposes of the transfer of the property is to avoid the payment of a future charge debt by the transferor or transferee; and

**(ii)** il est raisonnable de conclure que l'un des objets d'entreprendre ou d'organiser l'opération ou la série d'opérations consiste à éviter la responsabilité solidaire du cessionnaire et du cédant en vertu du présent article à l'égard d'une somme à payer en vertu de la présente loi;

**b)** la somme dont le cédant est redevable en vertu de la présente loi (notamment une somme ayant ou non fait l'objet d'une cotisation en application du paragraphe (4) qu'il doit payer en vertu du présent article) est réputée être devenue exigible au cours de sa période de déclaration dans laquelle le bien a été transféré, s'il est raisonnable de conclure que l'un des objets du transfert du bien est d'éviter le paiement d'une dette fiscale future par le cédant ou le cessionnaire;

**(c)** the amount determined for A in paragraph (2)(d) is deemed to be the greater of

**(i)** the amount otherwise determined for A in paragraph (2)(d) without reference to this paragraph, and

**(ii)** the amount determined by the formula

**A – B**

where

**A** is the fair market value of the property at the time of the transfer, and

**B** is the fair market value, at its lowest at any time during the period beginning immediately prior to the transaction or series of transactions and ending immediately after the transaction or series of transactions, of the consideration given by the transferee for the transfer of the property (other than any part of the consideration that is in a form that is cancelled or extinguished during that period) provided that the consideration is held by the transferor at that time.

**c)** la valeur de l'élément A de la formule figurant à l'alinéa (2)a) est réputée être la plus élevée des sommes suivantes :

**(i)** le montant déterminé par ailleurs pour l'élément A de la formule figurant à l'alinéa (2)a) compte non tenu du présent alinéa,

**(ii)** le montant obtenu par la formule suivante :

**A – B**

où :

**A** représente la juste valeur marchande du bien au moment du transfert,

**B** la juste valeur marchande, à son plus bas au cours de la période commençant immédiatement avant l'opération ou la série d'opérations et se terminant immédiatement après celle-ci, de la contrepartie qu'un cessionnaire donne pour le transfert du bien (sauf toute partie de la contrepartie qui se présente sous une forme annulée ou éteinte pendant cette période), pourvu qu'elle soit détenue par le cédant à ce moment.

PROJET DE LOI C-59

## RECOMMENDATION

Her Excellency the Governor General recommends to the House of Commons the appropriation of public revenue under the circumstances, in the manner and for the purposes set out in a measure entitled "*An Act to implement certain provisions of the fall economic statement tabled in Parliament on November 21, 2023 and certain provisions of the budget tabled in Parliament on March 28, 2023*".

## SUMMARY

Part 1 implements certain measures in respect of the *Income Tax Act* and the *Income Tax Regulations* by

**(a)** limiting the deductibility of net interest and financing expenses by certain corporations and trusts, consistent with certain Organisation for Economic Co-operation and Development and the Group of Twenty Base Erosion and Profit Shifting project recommendations;

**(b)** implementing hybrid mismatch rules consistent with the Organisation for Economic Co-operation and Development and the Group of Twenty Base Erosion and Profit Shifting project recommendations regarding cross-border tax avoidance structures that exploit differences in the income tax laws of two or more countries to produce "deduction/non-inclusion mismatches";

**(c)** allowing expenditures incurred in the exploration and development of all lithium to qualify as Canadian exploration expenses and Canadian development expenses;

**(d)** ensuring that only genuine intergenerational business transfers are excluded from the anti-surplus stripping rule in section 84.1 of the *Income Tax Act*;

**(e)** denying the dividend received deduction for dividends received by Canadian financial institutions on certain shares that are held as mark-to-market property;

**(f)** increasing the rate of the rural supplement for Climate Action Incentive payments (CAIP) from 10% to 20% for the 2023 and subsequent taxation years as well as referencing the 2016 census data for the purposes of the CAIP rural supplement eligibility for the 2023 and 2024 taxation years;

**(g)** providing a refundable investment tax credit to qualifying businesses for eligible carbon capture, utilization and storage equipment;

**(h)** providing a refundable investment tax credit to qualifying businesses for eligible clean technology equipment;

**(i)** introducing, under certain circumstances, labour requirements in relation to the new refundable investment tax credits for eligible carbon capture, utilization and storage equipment as well as eligible clean technology equipment;

## RECOMMANDATION

Son Excellence la gouverneure générale recommande à la Chambre des communes l'affectation de deniers publics dans les circonstances, de la manière et aux fins prévues dans une mesure intitulée « *Loi portant exécution de certaines dispositions de l'énoncé économique de l'automne déposé au Parlement le 21 novembre 2023 et de certaines dispositions du budget déposé au Parlement le 28 mars 2023* ».

## SOMMAIRE

La partie 1 met en œuvre certaines mesures relatives à la *Loi de l'impôt sur le revenu* et au *Règlement de l'impôt sur le revenu* pour :

**a)** limiter la déductibilité de dépenses d'intérêts et de financement nettes de certaines sociétés ou fiducies, conformément aux recommandations du projet de lutte contre l'érosion de la base d'imposition et le transfert de bénéfices de l'Organisation de coopération et de développement économiques et du Groupe des Vingt;

**b)** mettre en œuvre des règles sur les dispositifs hybrides conformes aux recommandations du projet de lutte contre l'érosion de la base d'imposition et le transfert de bénéfices de l'Organisation de coopération et de développement économiques et du Groupe des Vingt concernant les stratégies d'évitement fiscal transfrontalières qui exploitent les différences entre les lois de l'impôt sur le revenu de deux ou plusieurs pays pour créer une « asymétrie déduction/non-inclusion »;

**c)** permettre aux dépenses engagées dans l'exploration et l'aménagement de tout le lithium d'être considérées comme des frais d'exploration au Canada et des frais d'aménagement au Canada;

**d)** veiller à ce que seuls les véritables transferts intergénérationnels d'entreprises soient exclus de la règle contre le dépouillement de surplus de l'article 84.1 de la *Loi de l'impôt sur le revenu*;

**e)** refuser la déduction des dividendes reçus pour les dividendes reçus par les institutions financières canadiennes sur certaines actions détenues à titre de biens évalués à la valeur du marché;

**f)** augmenter le taux du supplément rural pour les paiements de l'Incitatif à agir pour le climat (IAC) de 10 % à 20 % pour les années d'imposition 2023 et suivantes et faire référence aux données du recensement de 2016 aux fins d'admissibilité au supplément rural de l'IAC pour les années d'imposition 2023 et 2024;

**g)** accorder un crédit d'impôt à l'investissement remboursable aux entreprises admissibles pour l'équipement admissible de captage, d'utilisation et de stockage du carbone;

**(j)** removing the requirement that credit unions derive no more than 10% of their revenue from sources other than certain specified sources;

**(k)** permitting a qualifying family member to acquire rights as successor of a holder of a Registered Disability Savings Plan following the death of that plan's last remaining holder who was also a qualifying family member;

**(l)** implementing consequential changes of a technical nature to facilitate the operation of the existing rules for First Home Savings Accounts;

**(m)** introducing a tax of 2% on the net value of equity repurchases by certain Canadian corporations, trusts and partnerships whose equity is listed on a designated stock exchange;

**(n)** exempting certain fees from the refundable tax applicable to contributions under retirement compensation arrangements;

**(o)** introducing a technical amendment to the provision that authorizes the sharing of taxpayer information for the purposes of the Canadian Dental Care Plan;

**(p)** implementing a number of amendments to the general anti-avoidance rule (GAAR) as well as introducing a new penalty applicable to transactions subject to the GAAR and extending the normal reassessment period for the GAAR by three years in certain circumstances;

**(q)** facilitating the creation of employee ownership trusts;

**(r)** introducing specific anti-avoidance rules in relation to corporations referred to as substantive CCPCs; and

**(s)** extending the phase-out by three years, and expanding the eligible activities, in relation to the reduced tax rates for certain zero-emission technology manufacturers.

It also makes related and consequential amendments to the *Excise Tax Act* and the *Excise Act, 2001*.

Part 2 enacts the *Digital Services Tax Act* and its regulations. That Act provides for the implementation of an annual tax of 3% on certain types of digital services revenue earned by businesses that meet certain revenue thresholds. It sets out rules for the purposes of establishing liability for the tax and also sets out applicable reporting and filing requirements. To promote compliance with its provisions, that Act includes modern administration and enforcement provisions generally aligned with those found in other taxation statutes. Finally, this Part also makes related and consequential amendments to other texts to ensure proper implementation of the tax and cohesive and efficient administration by the Canada Revenue Agency.

Part 3 implements certain Goods and Services Tax/Harmonized Sales Tax (GST/HST) measures by

**h)** accorder un crédit d'impôt à l'investissement remboursable aux entreprises admissibles relativement à l'équipement de technologie propre admissible;

**i)** prévoir, dans certaines circonstances, des exigences en matière de main-d'œuvre concernant les nouveaux crédits d'impôt à l'investissement remboursables pour l'équipement admissible de captage, d'utilisation et de stockage du carbone ainsi que pour l'équipement de technologie propre admissible;

**k)** permettre à un membre de la famille admissible d'acquérir des droits à titre de successeur d'un titulaire d'un Régime enregistré d'épargne-invalidité après le décès du dernier titulaire restant de ce régime qui était également un membre de la famille admissible;

**l)** mettre en œuvre des changements corrélatifs de nature technique pour faciliter le fonctionnement des règles existantes pour les comptes d'épargne libre d'impôt pour l'achat d'une première propriété;

**m)** instaurer un impôt de 2 % sur la valeur nette des rachats de capitaux propres effectués par certaines sociétés, fiducies et sociétés de personnes canadiennes dont les capitaux propres sont cotés à une bourse de valeurs désignée;

**o)** apporter une modification de nature technique à la disposition qui autorise la communication des renseignements des contribuables pour l'application du Régime canadien de soins dentaires;

**p)** mettre en œuvre un certain nombre de modifications à la règle générale anti-évitement (RGAÉ), instaurer une nouvelle pénalité applicable aux transactions assujetties à la RGAÉ et prolonger de trois ans la période normale de nouvelle cotisation pour la RGAÉ dans certaines circonstances;

**q)** faciliter la création de fiducies collectives des employés;

**r)** instaurer des règles anti-évitement spécifiques à l'égard des sociétés qui sont appelées SPCC en substance;

**s)** prolonger de trois ans l'élimination progressive et élargir les activités admissibles en ce qui concerne les taux d'imposition réduits pour certains fabricants de technologies à zéro émission.

Elle apporte également des modifications connexes et corrélatives à la *Loi sur la taxe d'accise* et à la *Loi de 2001 sur l'accise*.

La partie 2 édicte la *Loi sur la taxe sur les services numériques* et son règlement. Cette loi prévoit la mise en œuvre d'une taxe annuelle de 3 % sur certains types de revenus provenant des services numériques des entreprises qui atteignent certains seuils de revenu. Cette loi énonce les règles permettant d'établir l'assujettissement à cette taxe et établit également des exigences en matière de déclaration et de production. Pour favoriser l'observation de ses dispositions, cette loi prévoit des dispositions d'application et d'exécution modernes et généralement conformes à celles qui se trouvent dans d'autres lois fiscales. Enfin, cette partie apporte des modifications corrélatives et connexes à d'autres textes pour assurer la mise en œuvre adéquate de la taxe et pour permettre à l'Agence du revenu du Canada de les appliquer de façon cohérente et efficace.

La partie 3 met en œuvre certaines mesures relatives à la taxe sur les produits et services/taxe de vente harmonisée (TPS/TVH) pour :

**(2)** Le présent article, l'article 12.7 et le paragraphe 113(5), ainsi que les dispositions connexes de la loi et du *Règlement de l'impôt sur le revenu*, traitent de la mise en œuvre du rapport intitulé *Neutraliser les effets des dispositifs hybrides, Action 2 – Rapport final 2015* de l'Organisation de coopération et développement économiques publié et, sauf si le contexte l'exige, ils doivent être interprétés conformément à ce rapport, avec ses modifications successives.

**Primary rule — conditions for application**

**(3)** Subsection (4) applies in respect of a payment if

**(a)** in the absence of this section and subsection 18(4), an amount would be deductible, in respect of the payment, in computing a taxpayer's income from a business or property for a taxation year; and

**(b)** that amount is the deduction component of a hybrid mismatch arrangement under which the payment arises.

**Règle primaire — conditions d'application**

**(3)** Le paragraphe (4) s'applique relativement à un paiement si les énoncés ci-après se vérifient :

**a)** en l'absence du présent article et du paragraphe 18(4), un montant serait déductible, relativement au paiement, dans le calcul du revenu d'un contribuable tiré d'une entreprise ou d'un bien pour une année d'imposition;

**b)** ce montant correspond à la composante de déduction d'un dispositif hybride dont découle le paiement.

**Primary rule — consequences**

**(4)** If this subsection applies in respect of a payment, notwithstanding any other provision of this Act, in computing a taxpayer's income from a business or property for a taxation year, no deduction shall be made in respect of the payment to the extent of the hybrid mismatch amount in respect of the payment.

**Règle primaire — conséquences**

**(4)** Si le présent paragraphe s'applique relativement à un paiement, malgré les autres dispositions de la présente loi, dans le calcul du revenu d'un contribuable tiré d'une entreprise ou d'un bien pour une année d'imposition, aucune déduction ne peut être faite relativement au paiement jusqu'à concurrence du montant de l'asymétrie hybride relativement au paiement.

**Structured arrangements — exception**

**(5)** If subsection (4) or 12.7(3) would, in the absence of this subsection, apply in respect of a payment in computing a taxpayer's income from a business or property for a taxation year, that subsection does not apply in respect of the payment if

**(a)** there would be no hybrid mismatch arrangement in respect of the payment if the payment did not arise under, or in connection with, a structured arrangement;

**(b)** at the time that the taxpayer entered into, or acquired an interest in any part of a transaction that is, or is part of, the structured arrangement, it was not reasonable to expect that any of the following entities were aware of the deduction/non-inclusion mismatch arising from the payment:

**Dispositifs structurés — exception**

**(5)** Si, en l'absence du présent paragraphe, les paragraphes (4) ou 12.7(3) s'appliqueraient relativement à un paiement dans le calcul du revenu d'un contribuable tiré d'une entreprise ou d'un bien pour une année d'imposition, ces paragraphes ne s'appliquent pas relativement au paiement si les énoncés ci-après se vérifient :

**a)** aucun dispositif hybride ne serait établi relativement au paiement si celui-ci ne découlait pas d'un dispositif structuré ou ne s'y rapportait pas;

**b)** au moment où le contribuable conclut l'opération, ou a acquis un intérêt dans une partie de celle-ci, qui est le dispositif structuré, ou en fait partie, il n'était pas raisonnable de s'attendre à ce que l'une des entités ci-après soit au courant de l'asymétrie de déduction/non-inclusion découlant du paiement :

**(i)** the taxpayer,

**(ii)** an entity with which the taxpayer does not deal at arm's length, or

**(iii)** a specified entity in respect of the taxpayer; and

**(c)** none of the entities described in subparagraphs (b)(i) to (iii) shared in the value of any economic benefit resulting from the deduction/non-inclusion mismatch.

**(i)** le contribuable,

**(ii)** une entité avec laquelle le contribuable a un lien de dépendance,

**(iii)** une entité déterminée relativement au contribuable;

**c)** aucune des entités visées aux sous-alinéas b)(i) à (iii) n'a participé à la valeur de tout avantage économique découlant de l'asymétrie de déduction/non-inclusion.

**Deduction/non-inclusion mismatch — conditions**

**(6)** For the purposes of this section and section 12.7, a payment gives rise to a deduction/non-inclusion mismatch if

**(a)** the following condition is met:

**A > B**

where

**A** is the total of all amounts, each of which would, in the absence of this section and subsection 18(4), be deductible in respect of the payment, in computing the income of a taxpayer from a business or property under this Part for a taxation year (referred to in this paragraph as the "relevant year"), and

**B** is the total of all amounts each of which, in respect of the payment,

**(i)** can reasonably be expected to be — and actually is — foreign ordinary income of an entity for a foreign taxation year that begins on or before the day that is 12 months after the end of the relevant year, or

**(ii)** is Canadian ordinary income of a taxpayer for a taxation year that begins on or before the day that is 12 months after the end of the relevant year; or

**(b)** the following condition is met:

**C > D**

where

**C** is the total of all amounts, each of which, in the absence of any foreign expense restriction rule, would be — or would reasonably be expected to be — deductible, in respect of the payment, in computing relevant foreign income or profits of an entity for a foreign taxation year (referred to in this paragraph as the "relevant foreign year"), and

**D** is the total of all amounts, each of which, in respect of the payment,

**Asymétrie de déduction/non-inclusion — conditions**

**(6)** Pour l'application du présent article et de l'article 12.7, un paiement donne lieu à une asymétrie de déduction/non-inclusion si, selon le cas :

**a)** la condition ci-après est remplie :

**A > B**

où :

**A** représente le total des sommes dont chacune serait, en l'absence du présent article et du paragraphe 18(4), déductible relativement au paiement, dans le calcul du revenu d'un contribuable tiré d'une entreprise ou d'un bien en vertu de la présente partie pour une année d'imposition (appelée « année pertinente » au présent alinéa),

**B** le total des sommes, relativement au paiement, selon le cas :

**(i)** dont il est raisonnable de s'attendre à ce que chacune soit du revenu ordinaire étranger, et l'est effectivement, d'une entité pour une année d'imposition étrangère qui commence au plus tard le jour qui suit de douze mois la fin de l'année pertinente,

**(ii)** dont chacune représente le revenu ordinaire canadien d'un contribuable pour une année d'imposition qui commence au plus tard le jour qui suit de douze mois la fin de l'année pertinente;

**b)** la condition ci-après est remplie :

**C > D**

où :

**C** représente le total des sommes dont chacune (compte non tenu de toute règle étrangère de restriction des dépenses) serait, ou dont on pourrait raisonnablement s'attendre à ce qu'elle soit, déductible, relativement au paiement, dans le calcul des revenus ou bénéfices étrangers pertinents d'une entité pour une année d'imposition

**(ii)** dont on peut raisonnablement s'attendre à ce que chacune soit, et est effectivement, du revenu ordinaire étranger d'une autre entité pour une année d'imposition étrangère qui commence au plus tard le jour qui suit de douze mois la fin de l'année étrangère pertinente.

**Deduction/non-inclusion mismatch — application**

**(7)** For the purposes of this section and section 12.7, if a payment gives rise to a deduction/non-inclusion mismatch,

**(a)** the amount, if any, determined for A in paragraph (6)(a) in respect of the payment is the deduction component of the deduction/non-inclusion mismatch;

**(b)** the amount, if any, determined for C in paragraph (6)(b) in respect of the payment is the foreign deduction component of the deduction/non-inclusion mismatch; and

**(c)** the amount of the deduction/non-inclusion mismatch arising from the payment is determined by the formula

**A – B**

where

**A** is

**(i)** if paragraph (6)(a) applies in respect of the payment, the deduction component of the deduction/non-inclusion mismatch, or

**(ii)** if paragraph (6)(b) applies in respect of the payment, the foreign deduction component of the deduction/non-inclusion mismatch, and

**B** is

**(i)** if subparagraph (i) of the description of A applies,

**(A)** where the amount determined for B in paragraph (6)(a) in respect of the payment is equal to 10% or less of the amount determined for A, nil, and

**Asymétrie de déduction/non-inclusion — application**

**(7)** Pour l'application du présent article et de l'article 12.7, si un paiement donne lieu à une asymétrie de déduction/non-inclusion, les règles ci-après s'appliquent :

**a)** la valeur de l'élément A de la formule figurant à l'alinéa (6)a) relativement au paiement est la composante de déduction de l'asymétrie de déduction/non-inclusion;

**b)** la valeur de l'élément C de la formule figurant à l'alinéa (6)b) relativement au paiement est la composante de déduction étrangère de l'asymétrie de déduction/non-inclusion;

**c)** la somme de l'asymétrie de déduction/non-inclusion découlant du paiement est obtenue par la formule suivante :

**A – B**

où :

**A** représente :

**(i)** si l'alinéa (6)a) s'applique relativement au paiement, la composante de déduction de l'asymétrie de déduction/non-inclusion,

**(ii)** si l'alinéa (6)b) s'applique relativement au paiement, la composante de déduction étrangère de l'asymétrie de déduction/non-inclusion,

**B** :

**(A)** lorsque la valeur de l'élément D de la formule figurant à l'alinéa (6)b) relativement au paiement est égale ou inférieure à 10 % de la somme obtenue pour l'élément A, zéro,

**(B)** dans les autres cas, la valeur de l'élément D de la formule figurant à l'alinéa (6)b) relativement au paiement.

**No double counting**

**(8)** Any amount that has already been included, directly or indirectly, in computing foreign ordinary income or Canadian ordinary income of a particular entity in respect of a payment shall not be included, directly or indirectly, in computing foreign ordinary income or Canadian ordinary income of the particular entity or any other entity in respect of the payment.

**Notional interest expense — deemed payment**

**(9)** For the purposes of this section (other than this subsection) and section 12.7, if, in the absence of any foreign expense restriction rule, an amount (referred to in this subsection as the "deductible amount") would be, or can reasonably be expected to be, deductible in respect of a notional interest expense on a debt in computing the relevant foreign income or profits of an entity for a foreign taxation year

**(a)** the entity is deemed to make a payment in the year under the debt to the creditor in respect of the debt, in an amount equal to the deductible amount, and the creditor is deemed to be a recipient of the payment;

**(b)** the deductible amount is deemed to be in respect of the payment;

**(c)** any amount that is foreign ordinary income or Canadian ordinary income of the creditor in respect of notional interest income on the debt, that is calculated in respect of the same time period as the notional interest expense, is deemed to arise in respect of the payment; and

**(d)** any deduction/non-inclusion mismatch arising from the payment is deemed to satisfy the condition in paragraph (10)(d).

**Dépenses en intérêts théoriques — paiement réputé**

**(9)** Pour l'application du présent article (à l'exception du présent paragraphe) et de l'article 12.7, si, en l'absence d'une règle étrangère de restriction des dépenses, une somme (appelée « somme déductible » au présent paragraphe) serait, ou dont il est raisonnable de s'attendre à ce qu'elle soit, déductible à l'égard d'une dépense en intérêts théorique sur une dette, dans le calcul des revenus ou bénéfices étrangers pertinents d'une entité pour une année d'imposition étrangère, les règles ci-après s'appliquent :

**a)** l'entité est réputée effectuer un paiement dans l'année au titre de la dette au créancier relativement à la dette d'une somme égale à la somme déductible, et le créancier est réputé être un bénéficiaire de ce paiement;

**b)** la somme déductible est réputée être relative au paiement;

**c)** tout montant qui est du revenu ordinaire étranger ou du revenu ordinaire canadien du créancier relativement aux revenus d'intérêts théoriques sur la dette, qui est calculé relativement à la même période comme la dépense en intérêts théorique, est réputé découler du paiement;

**(i)** a payer of the payment does not deal at arm's length with, or is a specified entity in respect of, a recipient of the payment, or

**(ii)** the payment arises under, or in connection with, a structured arrangement;

**(c)** the payment gives rise to a deduction/non-inclusion mismatch; and

**(d)** it can reasonably be considered that the deduction/non-inclusion mismatch

**(i)** arises in whole or in part because of a difference in the treatment of the financial instrument — or of one or more transactions, either alone or together, where the transaction or transactions are part of a transaction or series of transactions that includes the payment or relates to the financial instrument — for tax purposes under the laws of more than one country that is attributable to the terms or conditions of the financial instrument or transaction or transactions, or

**(ii)** would arise in whole or in part because of a difference described in subparagraph (i), if any other reason for the deduction/non-inclusion mismatch were disregarded.

**Hybrid transfer arrangement — conditions**

**(12)** For the purposes of this section and section 12.7, a payment (other than an exempt dealer compensation payment) arises under a hybrid transfer arrangement if

**(a)** the payment arises under, or in connection with,

**(i)** a transaction or series of transactions (referred to in this subsection as the "transfer arrangement") that includes a loan or a disposition or other transfer by an entity to another entity (referred to in this subsection as the "transferor" and "transferee", respectively) of all or a portion of a financial instrument (referred to in this subsection as the "transferred instrument"), or
