**(2)** Subsection (1) does not apply in respect of a patent or a certificate of supplementary protection if the Minister has been provided with evidence from the owner of the patent of their consent to the making, constructing, using or selling of the drug in Canada by the second person.

# Avis de conformité

**7 (1)** Le ministre ne peut délivrer d'avis de conformité à la seconde personne avant le dernier en date des jours suivants :

**a)** le lendemain du premier jour où sont expirés tous les brevets et certificats de protection supplémentaire à l'égard desquels la seconde personne est tenue de faire une déclaration ou une allégation en application des paragraphes 5(1) ou (2) et qui ne font pas l'objet d'une allégation;

**(iii)** sont inscrits au registre à l'égard de la même présentation ou du même supplément que le brevet.

**(2)** Le paragraphe (1) ne s'applique pas à l'égard d'un brevet ou d'un certificat de protection supplémentaire si le ministre a reçu la preuve du propriétaire du brevet qu'il consent à ce que la seconde personne fabrique, construise, exploite ou vende la drogue au Canada.

**(3)** Paragraphs (1)(a) to (d) do not apply in respect of a patent or certificate of supplementary protection if it is deleted from the register under any of paragraphs 3(2)(c) to (e) or subsection 3(2.3) or (3).

**(4)** Paragraph (1)(d) does not apply in respect of a patent or a certificate of supplementary protection that has been declared in the action referred to in that paragraph by the Federal Court to be ineligible for inclusion on the register.

**(5)** Paragraph (1)(d) does not apply if

**(a)** the action referred to in that paragraph is discontinued or dismissed; or

**(b)** each of the parties who brings an action referred to in subsection 6(1) in relation to a given notice of allegation provides, when they bring the action, a notice to the second person and the Minister that they renounce the application of that paragraph.

**(6)** A party may make the renouncement referred to in paragraph (5)(b) without prejudice to their right to proceed with the action or any other action for patent infringement or their entitlement to any remedy from the Federal Court or another court.

**(7)** A second person, or a first person or owner of a patent who receives a notice of allegation, shall, on request of the Minister, provide to the Minister without delay any information or document that the Minister requires to maintain the register in accordance with subsection 3(2), to determine the latest of the days referred to in subsection (1) and to determine whether any of subsections (2) to (5) apply.

**(8)** As long as the Federal Court has not made a declaration referred to in subsection 6(1), it may shorten or extend the 24-month period referred to in paragraph (1)(d) if it finds that a party has not acted diligently in carrying out their obligations under these Regulations or has not reasonably cooperated in expediting the action.

SOR/98-166, ss. 6, 9; SOR/2006-242, s. 4; SOR/2010-212, s. 1; SOR/2017-166, s. 8.

**8 (1)** A second person may apply to the Federal Court or another superior court of competent jurisdiction for an order requiring all plaintiffs in an action brought under subsection 6(1) to compensate the second person for the loss referred to in subsection (2).

**(3)** Les alinéas (1)a) à d) ne s'appliquent pas à l'égard d'un brevet ou d'un certificat de protection supplémentaire s'il est supprimé du registre en application de l'un ou l'autre des alinéas 3(2)c) à e) ou des paragraphes 3(2.3) ou (3).

**(4)** L'alinéa (1)d) ne s'applique pas à l'égard d'un brevet ou d'un certificat de protection supplémentaire qui a été déclaré par la Cour fédérale inadmissible à l'inscription au registre dans l'action visée à cet alinéa.

**(5)** L'alinéa (1)d) ne s'applique pas dans les cas suivants :

**a)** l'action visée à cet alinéa a fait l'objet d'un désistement ou a été rejetée;

**b)** chacune des parties qui intentent une action en vertu du paragraphe 6(1) à l'égard d'un avis d'allégation envoie un avis à la seconde personne et au ministre, au moment où elle intente l'action, portant qu'elle renonce à l'application de cet alinéa.

**(6)** Le renoncement donné par une partie au titre de l'alinéa (5)b) ne porte pas atteinte à son droit de poursuivre son action ou toute autre action en contrefaçon d'un brevet ou d'obtenir toute réparation de la part de la Cour fédérale ou d'un autre tribunal.

**(7)** La seconde personne, ou la première personne ou le propriétaire d'un brevet qui reçoit un avis d'allégation, fournit dans les plus brefs délais au ministre, à sa demande, tout renseignement ou document qu'il exige pour tenir le registre conformément au paragraphe 3(2), pour déterminer le dernier en date des jours mentionnés au paragraphe (1) et pour statuer sur l'application des paragraphes (2) à (5).

**(8)** Lorsque la Cour fédérale n'a pas encore fait la déclaration visée au paragraphe 6(1), elle peut abréger ou prolonger la période de vingt-quatre mois visée à l'alinéa (1)d) si elle conclut qu'une partie n'a pas agi avec diligence en remplissant les obligations qui lui incombent au titre du présent règlement ou qu'elle n'a pas collaboré de façon raisonnable au règlement expéditif de l'action.

DORS/98-166, art. 6 et 9; DORS/2006-242, art. 4; DORS/2010-212, art. 1; DORS/2017-166, art. 8.

**8 (1)** La seconde personne peut demander à la Cour fédérale ou à toute autre cour supérieure compétente de rendre une ordonnance enjoignant à tous les plaignants dans l'action intentée en vertu du paragraphe 6(1) de lui verser une indemnité pour la perte visée au paragraphe (2).

**(2)** Subject to subsection (3), if an action brought under subsection 6(1) is discontinued or dismissed or if a declaration referred to in subsection 6(1) is reversed on appeal, all plaintiffs in the action are jointly and severally, or solidarily, liable to the second person for any loss suffered after the later of the day on which the notice of allegation was served, the service of which allowed that action to be brought, and of the day, as certified by the Minister, on which a notice of compliance would have been issued in the absence of these Regulations.

**(3)** The Federal Court or the other superior court may specify another day for the purpose of subsection (2) if it concludes that the other day is more appropriate, including being more appropriate because the certified day was, by the operation of *An Act to amend the Patent Act and the Food and Drugs Act (The Jean Chrétien Pledge to Africa)*, chapter 23 of the Statutes of Canada, 2004, earlier than it would otherwise have been.

**(4)** Subsections (1) to (3) do not apply if paragraph 7(1)(d) has no application because its application has been renounced under paragraph 7(5)(b).

**(5)** If the Federal Court or the other superior court orders a second person to be compensated for a loss referred to in subsection (2), the court may, in respect of that loss, make any order for relief by way of damages that the circumstances require.

**(6)** In assessing the amount of compensation — including any apportionment of that amount between the plaintiffs who are liable under subsection (2) — the court shall take into account all matters that it considers relevant to the assessment of the amount or the apportionment, including any conduct of the parties that contributed to delay the disposition of the action.

**(7)** No action or proceeding lies against Her Majesty in right of Canada in respect of any loss referred to in subsection (2).

**8.1** A person who files a submission for a notice of compliance or a supplement to a submission for a notice of compliance in respect of a drug and who has reasonable grounds to believe that the making, constructing, using or selling of the drug might be alleged to infringe a patent or a certificate of supplementary protection is, if the submission or supplement directly or indirectly compares the drug with, or makes reference to, another drug marketed in Canada, an interested person

**(3)** La Cour fédérale ou l'autre cour supérieure peut préciser une autre date pour l'application du paragraphe (2) si elle conclut que cette autre date est plus appropriée, notamment parce que la date attestée a été devancée par l'application de la *Loi modifiant la Loi sur les brevets et la Loi sur les aliments et drogues (engagement de Jean Chrétien envers l'Afrique)*, chapitre 23 des Lois du Canada (2004).

**(4)** Les paragraphes (1) à (3) ne s'appliquent pas si l'alinéa 7(1)d) n'a pas d'application parce qu'il y a eu renoncement à son application en vertu de l'alinéa 7(5)b).

**(5)** Lorsque la Cour fédérale ou l'autre cour supérieure ordonne que la seconde personne soit indemnisée pour la perte visée au paragraphe (2), elle peut rendre toute ordonnance qu'elle juge indiquée pour accorder réparation par recouvrement de dommages-intérêts à l'égard de cette perte.

**(6)** Pour déterminer le montant de l'indemnité à accorder — y compris la répartition de ce montant entre les plaignants qui sont responsables en vertu du paragraphe (2) —, la Cour fédérale ou l'autre cour supérieure tient compte des facteurs qu'elle juge pertinents à cette fin, y compris, le cas échéant, la conduite de toute partie qui a contribué à retarder le règlement de l'action.

**(7)** Il ne peut être intenté d'action ni d'autre procédure contre Sa Majesté du chef du Canada à l'égard de toute perte visée au paragraphe (2).

**8.1** La personne qui dépose une présentation ou un supplément à une présentation pour un avis de conformité à l'égard d'une drogue et qui a un motif raisonnable de croire que la fabrication, la construction, l'exploitation ou la vente de celle-ci pourrait faire l'objet d'une allégation de contrefaçon d'un brevet ou d'un certificat de protection supplémentaire est, si la présentation ou le supplément, directement ou indirectement, compare cette drogue à une autre drogue commercialisée sur le marché canadien — ou y fait renvoi —, un intéressé :
